

An online programme to introduce teachers to P4C Plus and build their skills over the first year of practice.

The P4C Plus Foundation Programme consists of:

- 5 webinar-based training modules
- 25 weekly lesson plans

Module 1 Establishing the Approach

- What do we mean by philosophy?
- What's special about P4C?
- What does a P4C inquiry look like?
- What's the 4-phase model?

1	Getting dialogue going
2	Establishing ground rules
3	Forming a discussible question
4	Discussing a big question
5	Reviewing progress

Module 2 Establishing the Community

- Why are the 4Cs important?
- How do we build the community of inquiry?
- How do we plan and review a 4Cs inquiry?
- What does a 4Cs inquiry look like?

6	Caring and collaborative (1)
7	Caring and collaborative (2)
8	Creative and critical (1)
9	Creative and critical (2)
10	Bringing all 4Cs together

Module 3 Pushing for Depth

- What is philosophical facilitation?
- How do we build questioning skills?
- How do we build conceptual skills?
- What does depth in a P4C inquiry look like?

11

Questioning skills

12

Questioning inquiry

13

Conceptual skills

14

Conceptual inquiry

15

Pushing for depth inquiry

Module 4 Focussing the Inquiry

- How do we build reasoning skills?
- How do we plan for a focussed inquiry?
- How can we vary the inquiry model?

16

Looking after our world:
cycle 1

17

Looking after our world:
cycle 2

18

Social media: cycle 1

19

Social media: cycle 2

20

Imagination

Module 5 Towards Philosophical Teaching

- How do we take P4C into the curriculum?
- How can we make metacognition simple?
- How can we evolve P4C into philosophical teaching?

21

P4C in PSHE

22
